Goal:
To explore a topic in the area of Health Data Analytics

Description:
Pick any topic that is interesting to you. Get the topic approved by me.

Submission Guidelines:
Submit a paper in two-column format that is about 6 pages long including references. It should be a professional looking paper. Recommend using ACM Proceedings template, which can be found at:

http://www.acm.org/sigs/publications/proceedings-templates

The paper should have a standard format such as Abstract, Introduction, etc.

You should include a minimum of 8 citations typically from professional sources. A couple of references to web sites are ok.

Deadlines:
Topic Submission (Title + 1 page overview): October 16, 2014
Draft Submission: November 6, 2014
Final Paper Submission: December 2, 2014
